Release Notes 7.6 (July 2019)

General

1. Error with the forgot password link in the login page has now been fixed
2. Document types in eTools have been cleaned

Action Points

Enhancements:
1. URLs pasted into the Action Points comments section now create clickable links
2. E-mail notification created for overdue Action Point, where an e-mail will be sent to the assignee 24 hours after the due date has passed

Partnership Management

Enhancements:
1. Filter "CSO Type" now disabled from the Government Page
2. PD Submission Date is now a mandatory field to transition to signed
3. "Generate" PCA icon is now available, even if the partner has a signed PCA uploaded. This will enable users to generate the most recent PCA template with updated PSEA clauses for signature
4. Icon indicating the expiration dates of the core values assessment added
5. "Partner" option now included in the multi select filter in the PD/SSFA page
6. While the PD is in Draft status, users can now delete the PV row

Bug Fixes:
3. Text wrapping issues for narrative sections in the reports page is now fixed
4. Missing paragraphs in the French Translation of the PCAs now fixed

Financial Assurance

Enhancements:
1. Calculation of "Required" Spot Checks in the HACT Dashboard now factor completed audits to match the HACT Status Report. The Calculation is as follows: (Minimum required spot checks)+(Follow-up required)-(Audits Completed).
2. Audit focal point can continue to upload files once an engagement has been finalized

Bug fixes:

1. Error opening the last panel of the questionnaire tab (Procurement and Contract Administration) now fixed
2. Isolated error when submitting a micro-assessment fixed

Third Party Monitoring Portal
Enhancements:
1. Requirement for intervention field when modifying a TPM task from the admin panel view is now removed

Bug fixes:
1. Missing headers "Position" and "Phone Number" when adding a new TPM contact are now fixed
